

The perfect replacement for existing bay lighting, Power Concepts' High Bay LED looks identical to traditional metal halide or HPS lighting fixtures, but with an instant, flicker-free light. Because of our Center-Mounted Radial Design, counter-weights or balancing kits are not required. Our LED fixtures deliver a highly efficient, focused light that is ideal for retail and commercial applications. Thanks to its low maintenance costs and high efficacy the Power Concepts LED High Bay fixture delivers a fast ROI for any new or retrofit installations.

Technical Specifications

Input Voltage: 120-277
 Input Frequency: 50/60Hz
 Power Factor: >0.90
 Input Power: 150W, 180W, 200W
 THD: <20%
 Lumen Output: 16,800+ lm, 22,000+ lm,
 23,300+lm
 CCT: 4000K, 5000K
 Efficacy: 117-122 LPW
